PROFESSIONAL SUMMARY

Dedicated graduate in Computing and Software Engineering (CMU) with expertise in Full-Stack Web Development, UI/UX Design, and Mobile App Development. Experienced in freelancing and media monitoring, focused on delivering high-quality technical solutions and solving complex challenges. Passionate about continuous learning and innovation in software engineering.

WORK EXPERIENCE

Media Monitoring Specialist

Monitoring LK | April 2021 – May 2024

- Tracked and analyzed news to deliver competitive intelligence reports to clients.
- Provided actionable insights that supported clients' strategic decision-making.

Freelancer

Freelancing Platforms | February 2019 – Present

- Delivered services in full stack web development, document creation, and video editing.
- Enhanced organizational skills and attention to detail by managing multiple client projects.

EDUCATION

Higher Diploma in Computing and Software Engineering

Cardiff Metropolitan University | May 2023 – Oct 2024

- Serving as Education Resource Coordinator for the Computing Society.
- developed a web platform called the "People Community Sharing Platform," where users can share food and other resources with each other to support those in need. The platform also helps homeless individuals by providing resources, even though they can't directly access it. Additionally, there's a dedicated section for community announcements and requests, allowing users to connect, offer help, and address societal needs.

Diploma in Information Technology at BCAS Campus | Dec 2018 – May 2019

GCE Advanced Level (Commerce) at Zahira College, Kalmunai | Apr 2019 – Oct 2021

JOB SKILLS

- Programming Expertise: Skilled in Java, C#, C++, Python, Dart, and R for a variety of development tasks.
- Experienced in web development, with skills in creating websites using HTML, CSS, JavaScript, PHP, React, ASP.Net, and Bootstrap. I also integrate MySQL for managing dynamic content. In mobile app development, I have hands-on experience with Visual Studio Code and Android Studio, using programming languages like Java and Dart. I work with frameworks like Flutter and manage local databases using SQLite for smooth app functionality.
- Competent in MySQL for designing, managing, and optimizing databases effectively.

EXTERNAL PERSONAL SKILLS

- Skilled in team management, project coordination, and decision-making, with a focus on motivating others, fostering collaboration, and achieving organizational goals.
- Strong verbal and written communication abilities, ensuring effective teamwork, impactful presentations, and conflict resolution.
- Experienced in creating visually engaging content, including graphics, videos, and photography, using tools like DaVinci Resolve, Canva, and Photoshop.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

- Education Resource Coordinator, Computing Society: Actively contributing to organizing educational resources and fostering a collaborative learning environment.
- Deputy Head Prefect, Zahira College: Demonstrated leadership and responsibility by managing school initiatives and guiding peers.
- Athletics: Competed in school-level inter-house tournaments, securing a top 3 position and demonstrating discipline, focus, and team spirit.
